

Franchise with Gymshare

Provide a private gym experience in your community

OUR MISSION

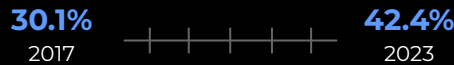

Our mission is to lower the barriers that prevent people from exercising consistently by providing a private gym experience.

THE PROBLEM

Obesity levels are consistently increasing

Obesity rates in the US:

Gyms are too crowded and the desired equipment is unavailable

During the months of Jan/Feb, average wait time for equipment ranges from **5-20 minutes**

Distance to Gyms are a big deterrent for exercising

Those who have access to a gym in under 4 miles workout **5 times** more per month than those farther away

Most people who pay for a gym membership don't use it.

Big box gyms base their business model on **67%** of paying customers not going to the gym

Many people feel uncomfortable working out in front of strangers

Over **70% of Americans** say they prefer to work out alone, and **90%** are concerned about how others perceive them at the gym

After COVID, people are more apprehensive of catching other people's germs

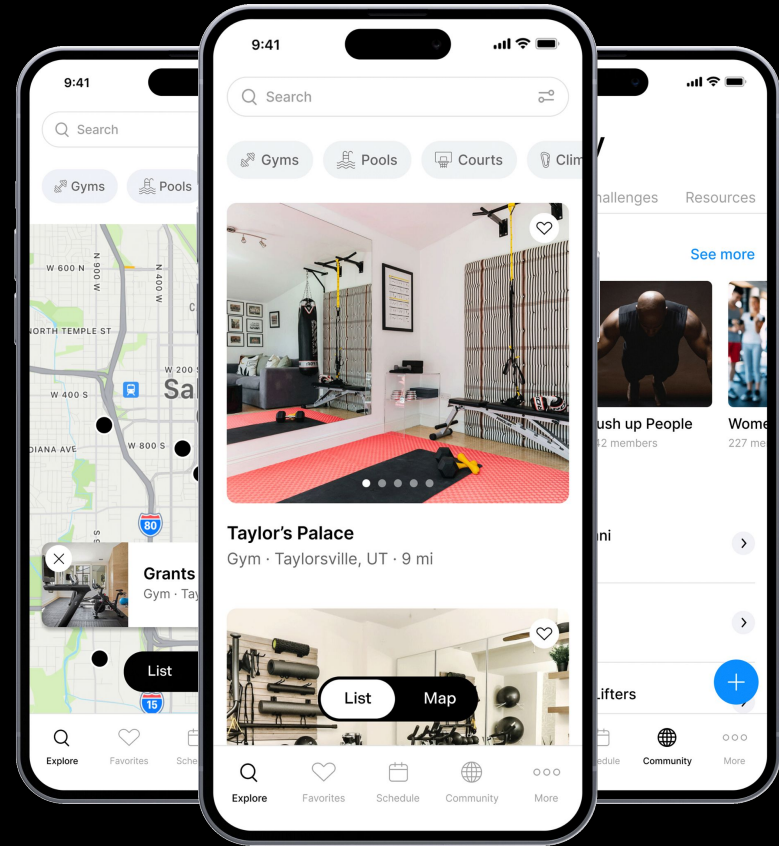

Nearly **1/3** of all gym-goers have still not returned to the gym since the pandemic

THE SOLUTION

Gymshare is an application that provides private gym experiences for those who dislike crowded gyms, waiting in line for equipment, and feeling judged or looked at while exercising.

We do this by connecting gym-goers ([Cymers](#)) with private gym owners ([Gym Hosts](#)) through an online application that manages everything from scheduling and payments to insurance and security.

PRICING MODEL

Gymshare offers a monthly membership with set prices managed by Gymshare rather than each gym operating independently. This puts the customer first, makes it convenient for travel, and enables a variety of gym experiences.

This pricing model functions very similarly to a how a cell phone plan might work. With every additional Gymer who is added to their group, everyone's price goes down.

- ✓ 1 Gymer - \$34.99/mo each
- ✓ 2 Gymers - \$27.99/mo each
- ✓ 3 Gymers - \$19.99/mo each
- ✓ 4+ Gymers - \$9.99/mo each

Gym Hosts receive 90% of each membership (after our payment processor fees are deducted). Also, whenever a personal trainer uses the gym, the Gym Host will receive a 10% commission based on whatever the trainer charged their client during the session that was conducted in the gym.

Franchise Opportunities

Receive a new home gym from us and list it on our app to cover your costs

FRANCHISE OPPORTUNITY 1 - ULTIMATE PACKAGE

- ✓ Inspire FT1 Cable Machine

- They get \$500 off their gym

Select Package:

- You get \$100 per Gym Host you get to sign up
- They get \$250 off their gym

RESOURCES AVAILABLE TO ACHIEVE DESIRED ROI

FAQS

- ✓ How long am I required to keep my gym listed for during the repayment period?
 - As long as the term that you had originally contracted for.
- ✓ Can I pay off my gym early?
 - Yes, you can you pay your gym at any point, as long as the remainder is paid in full in a lump sum.
- ✓ What happens if I move during the repayment term?
 - Our hope is that you will bring your gym with you to your new location. Our delivery and installation teams will assist you with moving and reassembling it for. This will come as an added cost.
- ✓ What ROI can I realistically expect?
 - To put it simply, the effort that you put into growing your gym business will directly reflect your results. If you put in 0% effort, you will more than have no one reserve your gym. Successful Gym Hosts today, make anywhere between \$250 to \$720/mo. Past results don't guarantee future outcomes.
- ✓ Can I upgrade my equipment later on?
 - Yes, we'll have a team come in and replace and install whatever equipment that you'd like to upgrade to. If you want to replace your entire gym for brand new and updated equipment, then you would be required to go under contract again and restart a new term.
- ✓ Can I purchase anything beyond what the basic gym package includes?
 - Yes
- ✓ Why should I purchase a gym through Gymshare versus buying it directly from the retailer or buying it used?
 - The goal of our gym packages is to be less than MSRP. All equipment is brand new and features some of the highest quality brands on the market today. You will also get the opportunity to cover/exceed your monthly costs by leveraging our app to promote your gym.
- ✓ What happens if a Gymer attends multiple gyms including mine in a given month?
 - That Gymer's membership will be automatically split according to how many times they went to each gym. For example, let's say that a Gymer reserves Gym A and Gym B for a total of 10 times in a given month. They reserved Gym A 7 times and Gym B 3 times. Gym A will receive 70% of that Gymer's membership and Gym B will receive 30% (after our payment processor fees have been deducted).
